

FOR IMMEDIATE RELEASE - Seattle, 3rd February 2024

Solas Gallery presents Adam J Long's *Urgency*, opening 16th March.

Solas Gallery is delighted to present Adam J Long's *Urgency*.

Urgency is Adam J Long's response to a world that was becoming increasingly unrecognizable, with previously unimaginable events occurring routinely. Exploring at night, Long captures instant slices of the world; his flash revealing what was always there but we didn't see.

Originally from Washington State, Adam J Long studied photography in Los Angeles, California (BA), Sunderland, England (MA) and Hartford, Connecticut (MFA). His photographs have been exhibited internationally and are in the permanent collection of The Nelson Atkins Museum of Art, The Hirsch Library – Museum of Fine Arts Houston, and the Colorado Photographic Arts Center, among others. He currently resides in Newberg, OR where he teaches photography.

Urgency runs from 16th March to 20th April, 2024 with an opening reception on 16th March. Solas is open 1- 5pm Saturdays, and by appointment.
