

FOR IMMEDIATE RELEASE - Seattle, 27th December 2024

Solas Gallery presents Al Varady and Cian Hayes' *Redeconstructions / An Tobar*, opening 27th January.

Solas Gallery is proud to present *Redeconstructions / An Tobar*, recent work from Solas co-owners Al Varady and Cian Hayes.

Al Varady's *Redeconstructions* are photos of assemblages and quasi-collages in an emerging language of inferences, relationships, references, serendipitous occurrences, and scale.

In *An Tobar* ("The Well"), Cian Hayes explores reservoirs of nature within Seattle and uses them as a focus to reflect on Irish traditions, the contemporary Irish immigrant experience, and his own mental health.

Al Varady and Cian Hayes are both Seattle based photographers, both graduating from Photographic Center Northwest's Certificate program in 2017. In the spring of 2023, they opened Solas Gallery.

Redeconstructions / An Tobar runs from 27th January to 9th March 2024 with an opening reception on Saturday 27th January from 2-5pm. Solas is open 1- 5pm Saturdays, and by appointment.
